

Welcome to issue 2 of the Creative Burngreave newsletter. In this issue we will introduce you to more of our funded projects, like Laura Obon's painting and print making workshops. We are also promoting our Artist Training Programme if you are interested, get in touch with us to discuss it.

### Artist Training Programme

Our Artist Training Programme was advertised briefly in the last issue, and as it is getting closer to the start dates of the course this is a reminder to book your places. The programme is a week long course of business survival skills tailor-made for artists. The programme is an OCN accredited course in building a portfolio, which will give you 1 OCN credit at level 3. Successful completers' receive a £50 bursary and a free CRB check.

In the past year Creative Burngreave has trained over 30 artists from different background and disciplines. Our Artists will be challenged to explore their environment through creative processes and encourage them to be more innovative. Previous participants of the Artist Training Programme have gone on to work in schools and also run their own projects in the burngreave community.

One of our successful completers' of the Artist Training Programme is Rose-marie A Pryce. Rose-marie's art form involves dance, choreography and theatre design. I asked Rose-marie how the artists training programme helped her. She said that it helped her to move up to date with the type of activities that are likely to work within school projects and it also gave her valuable contacts for finding potential work in the future.

Recently Rose-marie has been involved in projects within schools, last term she worked in three different primary schools. She is also currently preparing to begin a degree in Theatre Design and is hoping to continue working in the youth sector whilst studying at university.

### Creative Workshops

For this issue I have spoken to Laura Obon about some workshops she is going to be running in Burngreave.

Laura Obon is a painter / print maker based in Sheffield. She has received Creative Burngreave funding to run a course of workshops with women living in the Burngreave area.

In the sessions Laura hopes to get the group of women to work with various mediums to explore their own creativity. The aims of the workshop is to 'raise self-esteem and optimism' and without the funding, the workshops would not be possible. Laura wants to concentrate all her energies into encouraging participants to enjoy art. Laura has worked on many different projects around Sheffield and has worked with children, teenagers and adults.

Laura Obon's Painting and print making workshops will be held at The Furnival on Verdon St in Burngreave. The session will last 3hrs starting at 10am on the following dates:  
20/09/05  
27/09/05  
04/10/05  
11/10/05  
To book a place on the course please contact us on the details below.

My apologies to deeperwiderhigher, one of our funded groups, for the mistake with your name in the last issue.
